

Application No. 473: Felt pebble rug

Author: Ilona Meyer, Hamburg, Germany

An intriguing combination of hard magnets and soft felt

Ilona Meyer sent us these pictures of her diploma thesis "Felt pebble rug" at the University of Fine Arts of Hamburg. Each of the coloured felt pebbles contains a Q-19-13-06-N (www.supermagnete.fr/eng/Q-19-13-06-N) block magnet and they are arranged on a large metal plate. This way, you can create a new rug every day and relax on it!
