

Application No. 558: #EMPTY#Help for the goalkeeper

Author: Mitarbeiter von Inforis AG, Zürich, Switzerland

#EMPTY#Foosball fun with increased handicap for the other team :-)

Our boss Werner has, like all bosses, his strengths and weaknesses. One of his most persistent weaknesses is his goalkeeper's passivity in our daily team-building activity foosball. We were able to get rid of this flaw with six boss magnets (www.supermagnete.fr/eng/M-21). No external force was necessary - neither on the robust foosball frame nor on the fragile boss.

This made all of us happy because now it's much more fun playing on his team again.
