

## Application No. 584: Bamboo figurines

Author: UNIKAT, Tino Schramm, Eggersdorf, Germany, [tinoschramm@web.de](mailto:tinoschramm@web.de)

### Flexible and movable figurines made of hand-hewn bamboo

In 2011 we established our web shop [www.unikat-style.de](http://www.unikat-style.de). This is where we sell beautiful figurines made of 100% natural and hand-hewn China Bamboo. Each figurine is therefore unique.

Our first generation products are mostly movable accessories.

Using super magnets made our products alive and movable.

Figurine "Orkan"  
(Hurricane)

Small countersunk disc magnets ([www.supermagnete.fr/eng/S-05-03-N](http://www.supermagnete.fr/eng/S-05-03-N)) brought our figurines to life.

Arms, legs and various segments of individual sculptures can now be moved and altered.

Another advantage of using magnets is that our figurines can't break anymore.

The figurines run between 10 and 40 euros and are usually shipped within a week.

Figurine "Teddy"

Note from the supermagnete team: The figurines "family" and "dog" found a new home in our headquarters in Uster.
